Article Numbers: 26891, 26842

Safety Instructions:

- Secure stand thanks to standard floor anchoring for additional stability. Use of anchoring materials included in the scope of delivery for optimum safety. Due to the heavy weight (330 kg), appropriate securing and floor anchoring is required to prevent tipping or unintentional movement.
- Caution: High mass (330 kg) - risk of injury during transport or moving.
- Attention: Mechanical protection against burglary - Not certified as fire protection.
- The product should not be opened or modified improperly in order to avoid safety risks. Disassembly of the product may only be carried out by qualified personnel.
- The product is intended for the safe storage of valuables and should not be used for any other purpose.
- The lock system should only be used by authorised persons in order to prevent unauthorised access.
- Safety instructions must be followed carefully, especially when installing and anchoring the cabinet.
- Users should regularly check the condition of the cabinet and the lockable mechanism to ensure safe storage.
