Safety Instructions:

- The cabinet must be securely attached to the floor to prevent it from falling over. The cabinet must be anchored to the floor to prevent it from falling.
- Securely lock the double-bit high security lock to prevent access by unauthorised persons. Keep access to the keys and lock secure.
- Heavy parts, please take care during transport and handling to avoid injury. The safe is heavy (weight: 510 kg); suitable handling and transport measures are required.
- The cabinet is tested for commercial safety conditions in accordance with EN 1143-1 and is therefore not intended for private use.
- The cabinet should not be used as a piece of furniture, but only for storing valuables. Only use the cabinet for its intended purpose to avoid hazards.
- Regular inspections should be carried out to ensure the integrity of the locking mechanism.
