Safety Instructions:

- Only use the folding step on level, stable surfaces to prevent it from tipping over.
- Do not use on unstable or moving surfaces.
- Observe and do not exceed the maximum load capacity.
- Keep the folding step away from children when it is not in use and do not allow children to use it without supervision.
- Check regularly for damage or wear to ensure safety.
- Check the automatic roll-stop function and ensure that it is working before using the folding step.
- Before use, ensure that the steps and platform are clean and dry.
- When using the folding step, ensure that you are standing securely and support yourself if necessary.
- The folding step is not intended as a climbing aid for high or unsecured places.
