Safety Instructions:

- Before use, ensure that the pallet truck is suitable for the intended load.
- Please note the maximum permissible load capacity of 2300 kg and the reduced rated load capacity of 2000 kg.
- When using the pallet truck, ensure proper operation to avoid overloading.
- Avoid improper handling of the pallet truck to prevent overloading.
- Wear protective clothing to avoid injury from falling or tipping loads.
- Only use the pallet truck on level surfaces to prevent it from tipping or falling over.
- Ensure that the pallet truck is not operated with excessive loads in wet conditions to avoid the risk of slipping.
- Ensure that the pallet truck is serviced regularly, especially the grease nipples.
- Only allow trained personnel to handle and operate the pallet truck.
- Avoid accessibility for unauthorised persons at the workplace when the pallet truck is not in use.
- Before using the pallet truck, please read the safety instructions and the operating instructions.
- Keep the pallet truck away from children to avoid injury.
