Safety Instructions:

- Caution: Glass could break and cause sharp edges. Use safety glass. Check glass surfaces regularly for damage and replace immediately if defective.
- Keep out of reach of children as the display case contains glass and there is a risk of injury. The display case is not suitable for children under 3 years of age. Choking hazard due to small parts.
- Ensure that the display case is placed on a stable and level surface to prevent it from tipping over. Note the necessity of anchoring the display case to prevent it from tipping over.
- Always close the doors of the cabinet to prevent objects from accidentally falling out. Take care when opening the lockable doors to avoid the risk of crushing.
- Only use the low-voltage lighting with the recommended accessories. Warning: Before installing the lighting, ensure that the electrical connections are correct to avoid the risk of electric shock.
- The use of electric lighting requires compliance with the safety instructions for electrical devices.
- Check the lock regularly for security to prevent unauthorised access.
- Risk of suffocation due to fragile toughened safety glass elements.
- Warning of damage due to improper transport or installation.
- Instructions for handling and care of the glass shelves.
