

# Product Safety Information

## Wall belt cassette, screw fastening, 8 m long

**Manufacturer/Responsible Person:** R. Scholz GmbH & Co. KG, Boschweg 34, 48351 Everswinkel, Deutschland

**E-Mail:** info@rs-guidesystems.de

Please note the technical data of the products!

**Article Numbers:** 211326, 211325, 211324, 211322, 211320

### Safety Instructions:

- Caution: Screws and small parts can be swallowed. Not suitable for children under 3 years of age.
- Ensure that the belt cassette is properly mounted on the wall to prevent injuries from falling.
- Regularly check the strength of the screw fastenings to ensure safety.
- Avoid using the belt cassette in extreme weather conditions to prevent material damage.
- The product may only be attached to a stable surface to avoid the risk of falling.
- Keep children away from the installation and use of the product to avoid injury.
- Before installation, check that all parts are present to avoid malfunctions.
- The belt cassette must not be subjected to excessive loads in order to avoid damage.
- If the product is damaged, stop using it immediately and contact the manufacturer.
- Installation should only be carried out by qualified personnel.
- Avoid contact with water to prevent electrical hazards.
- Take care when using in the vicinity of children to avoid the risk of strangulation.
- Read the operating instructions carefully and follow the installation and operating instructions.
- Keep small parts out of the reach of children to prevent the risk of choking.
- Provide users with clear instructions and safety information for correct use.
- Check that the materials used (plastics) do not contain any substances that are harmful to health.
