Article Numbers: 133447, 133446

Safety Instructions:

- Make sure that the ashtray/waste bin is stable and securely positioned or anchored to prevent it from tipping over or blowing away.
- Only use the waste bin for its intended purpose. Incorrect use can lead to injury.
- Keep the waste bin away from sources of ignition to avoid the risk of fire.
- Carry out regular maintenance, emptying and checking for damaged or worn parts to avoid overfilling and possible hazards.
- Not suitable for children as there is a choking hazard due to small parts.
- Metal parts can become hot in direct sunlight. Do not touch them without protection.
