Article Numbers: 882323, 882322, 882321

Safety Instructions:

- The screen may only be mounted on a stable surface. The tripod should always be used on a stable and level surface to prevent it from tipping over.
- Avoid using the screen near water or in damp environments.
- Ensure that the screen is securely mounted and fixed to prevent it from tipping over. Follow the assembly instructions carefully to ensure that all parts are firmly and securely connected.
- Keep small children away while the screen is being assembled or disassembled and note that it is not suitable for children under 3 years of age due to the risk of choking on small parts.
- Take care not to use the screen in extreme weather conditions.
- To avoid injury from pinching, fingers and other parts of the body should be protected when assembling and dismantling the screen.
- The screen must not be used as a projection support for heavier objects, as this could impair stability.
- Caution: improper assembly and disassembly can lead to injuries.
