Safety Instructions:

- Keep the mat away from water and other conductive materials to avoid static electricity.
- Avoid excessive pressure or sharp objects on the mat to prevent damage.
- Do not use the mat in direct contact with heat sources to avoid deformation or fire hazards.
- Ensure that the mat is placed on a non-slip surface and that it is used on a stable, dry surface to minimise the risk of tripping.
- Do not continue to use damaged mats and dispose of them in an environmentally friendly manner.
- Protect products from direct sunlight and moisture.
- Observe general safety precautions when handling electrical appliances.
- When using on carpeted floors, ensure that the anchor studs grip properly.
- Check for possible contamination before first use.
