Safety Instructions:

- Ensure that the worktable is stable to prevent it from tipping over. Ensure that the worktable is used on a stable surface.
- Beware of sharp edges during installation and handling. Sharp edges can pose a risk of injury. Avoid direct contact with sharp edges.
- Users should be given the correct instructions for assembly and use. Instructions for safe use are required.
- Check the workbench regularly for stability and design. When assembling, check the stability of the folding leg frame before use.
- Improper use or installation can result in injury. Only use the work table for its intended purpose to avoid injury.
- Avoid lifting the table when it is loaded with heavy or unwieldy objects. Remove sharp or heavy objects from the edge to prevent them from falling.
- Ensure that all folding mechanisms are properly locked before using the table.
- Keep the table away from liquids and chemicals to prevent rusting. Avoid using the product in damp environments to prevent corrosion.
- Avoid using chemical cleaning agents that could damage the stainless steel surface.
