Article Numbers: 189049, 189048, 185994

Safety Instructions:

- Risk of electric shock due to improper use of the electric light. Observe safety measures: do not use near water or damp places and follow the manufacturer's instructions.
- The light is not suitable for use by children, particularly because of the electrical components.
- Regularly check electrical cables and components for damage to minimise the risk of fire.
- Risk of suffocation due to improper handling of the clamping foot. The clamping foot should be checked regularly for stability to prevent accidents.
- Safety information must be provided in a language that is easy to understand.
- The LED light generates heat; do not place near flammable materials.
