Article Numbers: 132106, 132105, 132104, 132103, 132102, 132101, 132100

Safety Instructions:

- Suitable for the storage of water-polluting, non-flammable liquids and toxic substances. Do not use for the storage of flammable liquids.
- Set up the cabinet with a stable construction and ensure that it is upright and stable.
- Provide technical ventilation and connection options for ventilation grilles to avoid hazardous vapours. Use ventilation grilles near the floor for natural ventilation.
- Use a cylinder lock to prevent unauthorised access. Check safety devices regularly.
- Provide operating instructions and safety instructions clearly and comprehensibly. Read instructions before use.
- Use height-adjustable shelves to ensure the stability of the stored materials.
- Robust construction with high-quality paint finish ensures physical protection and durability.
- Suitable for use in work areas. Do not use in living areas.
- Ensure regular inspection of the ventilation equipment. Ensure that the ventilation works properly.
- Only use in commercial installations. Do not tamper with the product improperly.
- Wear suitable protective equipment when handling chemicals. Follow safety precautions.
