

Product Safety Information

Ergonomic runner, cut to size, 600 mm wide

Manufacturer/Responsible Person: Ewald Hildebrandt GmbH & Co. KG, Feldstraße 30, 44867 Bochum, Deutschland

E-Mail: kontakt@eha.de

Please note the technical data of the products!

Article Numbers: 151456, 151450, 151444, 151438

Safety Instructions:

- Risk of slipping in wet conditions, especially on damp and slippery surfaces, particularly in damp working areas.
- Avoid laying the runner in areas with extremely high levels of water.
- Make sure that the underside of the runner is clean and dry to ensure optimum adhesion.
- Regular inspection for damage or wear to the slider.
- Not suitable for use on uneven surfaces. Only use the runner on stable and suitable surfaces.
- Risk of suffocation due to improper use or incorrect handling of the runner on a damp surface.
- The slider should not be exposed to corrugated or buckling conditions in order to maintain its ergonomics and functionality.
- Suitable for heavy-duty use - observe the correct use.
- Suitable for damp workplaces - avoid extreme wetness.
- Use in areas with cold is recommended - pay attention to the base.
- The colour coding in black/yellow is for safety - do not cover it up.
