Article Numbers: 151459, 151453, 151441, 115447

Safety Instructions:

- Risk of suffocation due to slipping on damp surfaces.
- Slip resistance should be checked before use on smooth floors.
- If used in damp areas, ensure that the runner is not slippery.
- Suitable for damp workplaces, but be aware of the risk of slipping in wet conditions.
- Sensitivity to cold: Insulation against cold floors may not be sufficient.
- Ideal for insulating against cold floors.
- Suitable for high-traffic areas to minimise the risk of falling.
- Heavy material load when walked on frequently, possibly take material fatigue into account.
- Make sure that the runner does not pose any hazards when used in combination with other materials.
- Do not use the ergonomic runner as a toy to prevent misuse by children.
- Mandatory labelling: Black/yellow can mark danger spots, which requires increased attention.
