Please note the technical data of the products!

Article Numbers: 151461, 151455, 151449, 151443

Safety Instructions:

- Suitable for high-traffic areas and standing workstations; can reduce fatigue and provide comfort.
- The black/yellow labelling serves to warn of danger points; make sure that these points are clearly marked.
- Use the runner on a stable, non-slip surface to avoid the risk of falling.
- Regularly check the condition of the runner for wear or damage to minimise safety risks.
- Avoid use in areas with strong chemical cleaning agents that could damage the material.
- When using in damp areas, ensure that the substrate is dry and the products are designed for use in such conditions; observe the conditions of use.
- Regular cleaning required to ensure slip resistance.
- The runner serves as insulation against cold floors; make sure it is properly installed to avoid tripping hazards.
