Safety Instructions:

- Make sure that no small parts in the cupboards are accessible to small children to avoid the risk of suffocation.
- Regularly check the stability of the wardrobe, bench and clothes locker to prevent them from tipping over.
- Ensure that the cabinet doors always close fully to prevent injuries caused by trapped body parts.
- Only use suitable and approved padlocks with a shackle thickness of between 5-7 mm for the rotary bolt lock.
- The bench seat is not designed for use by several people at the same time in order to minimise the risk of falling.
- Caution: Sharp edges and corners can cause injuries.
- Recommended maximum load: Please observe the specified weight limits.
- Not suitable for children under 3 years due to possible protruding parts or edges.
- Ensure that the door is securely locked to prevent accidental injury.
- Installation should only be carried out by a specialist to ensure safety.
- Regularly check the condition of the twist lock and replace it if it is worn.
- Keep the ventilation slots clear to ensure optimum ventilation.
- Follow the simple assembly instructions to assemble the product safely.
- Avoid the use of excessive force to prevent damage.
- The product is not suitable for outdoor use; protect from moisture.
