Safety Instructions:

- Make sure that the clothes locker is placed on a stable surface to prevent it from tipping over.
- Avoid overloading the doors and clothes rails to prevent damage and injury.
- Check the condition of the clothes horse regularly to ensure that no sharp edges or damage are overlooked.
- Only use padlocks with the recommended shackle thickness of 5-7 mm to ensure the security and function of the rotary bolt lock.
- The ventilation openings must not be blocked to ensure air circulation.
- Avoid risk of injury due to improper use with objects that are too heavy or unsafe.
- Be aware of the risk of suffocation due to improper placement or storage of objects in the compartments.
- Consider child locks to prevent unauthorised opening of the doors to prevent children from being locked in the locker.
- Protect from direct moisture and strong temperature fluctuations.
- Regularly check the cylinder lock to ensure the security of the contents.
- Keep small parts such as screws and fittings out of the reach of children.
- If you are unsure about the installation, read the enclosed instructions carefully or consult a specialist.
- Regularly check the stability and health of the product to avoid potential hazards.
