Safety Instructions:

- To avoid falls, do not use the clothes locker as a climbing aid or climbing frame.
- Keep the clothes locker away from sources of heat and moisture to prevent material damage.
- Regularly check the security of the twist lock and only use padlocks with a shackle thickness of 5-7 mm.
- Be careful not to injure yourself when handling the coat hooks and sharp edges.
- Avoid using the product if it is subjected to strong vibrations or unexpected loads to prevent instability.
- Make sure that the wardrobe is stable to prevent it from tipping over.
- Children should only use the locker under adult supervision to minimise safety risks.
- When transporting heavy products (e.g. 64 kg), several people should help to prevent injuries.
- Make sure that doors are not blocked to avoid injury.
- Use only for its intended purpose to avoid injury.
- When mounting, observe the load-bearing capacity and correct fastening of the spindle.
- Maintain the locker regularly to ensure that all parts are in good condition.
- Use suitable lock options to prevent theft.
- Do not place heavy objects on the top shelves to avoid the risk of tipping.
- Secure furniture properly to prevent it from tipping over.
- The use of padlocks is only intended for appropriate bending security.
- Keep moisture away from the electrical components and ensure adequate ventilation.
- The doors can pose a crushing hazard when closing; make sure your fingers are protected.
- Take care not to overload the clothes locker so as not to jeopardise its stability.
- Small and adhesive parts as well as sharp edges can pose a risk of injury; observe the safety information.
