Safety Instructions:

- Caution: Sharp-edged parts, risk of injury when opening or closing the doors. Take safety precautions to minimise injuries caused by hinges.
- Caution: Product is heavy (weight: 49 kg), ensure that it is stable to prevent it from tipping over. Support required during transport and assembly. Only store heavy objects in designated areas.
- Only use the rotary bolt lock with suitable padlocks (shackle thickness 5-7 mm) and ensure that it is used correctly to prevent unintentional opening.
- Regularly check the condition of the door and wall connections for stability. Ensure that the structure is continuously stable and has no sharp edges.
- Risk of suffocation due to improper use or improper installation of small parts.
- The clothes locker is not intended for children under the age of 12. Supervise children in the vicinity of the product.
- Make sure that the locker is placed on a stable and level surface to prevent it from tipping over.
