Safety Instructions:

- Use the clothes locker in accordance with the manufacturer's instructions.
- Product weighs 75.5 kg; use appropriate carrying technique to avoid injury.
- Clothes lockers must be installed on a stable and level surface to prevent them from tipping over.
- Regular testing of door function and installation safety required.
- Beware of sharp edges or corners to avoid injury.
- Use the rotary bolt lock to prevent unauthorised access.
- Tools may be required for assembly; ensure that all parts are available.
- Keep children away from this product to avoid injury.
- Handle the door rotation mechanism with care to avoid the risk of crushing.
- Check the stability of the structure regularly to prevent it from falling over.
- Doors must close securely to prevent injuries.
- Avoid placing heavy objects in the compartments to prevent blockages.
- Keep ventilation holes clear for proper air circulation.
- The wardrobe must not be overloaded to avoid breakage or deformation.
- Bench use by one person only to avoid excessive strain.
- Use suitable padlocks (shackle thickness 5-7 mm) to ensure compartment security.
- Prevent corrosion by avoiding damp environments.
- Ensure that the clothes horse is securely anchored to prevent it from tipping over.
- Do not place any heavy objects on the seat bench to prevent breakage or slipping.
- Secure small parts and ensure that they do not fall off to avoid the risk of suffocation.
- Product not suitable for children under 3 years due to choking hazard from small parts.
- Assembly according to instructions to ensure stability and safety.
- Regularly check the lock to prevent unauthorised access.
- Position the cabinet so that the ventilation elements are not blocked.
- Prevent use if the cabinet is damaged.
- Activate the storm lock to ensure that the doors close securely.
- Safe use of the bench seat to avoid the risk of falling.
- Provide safety information for age groups in special cases.
