Manufacturer/Responsible Person: Edelstahlprodukte Reinsch GmbH, Bornhausweg 15, 57258 Freudenberg, Deutschland

E-Mail: info@edelstahlshop.de

Please note the technical data of the products!

Article Numbers: 46173, 46166

Safety Instructions:

- Not suitable for children under 3 years of age due to choking hazard from small parts.
- Ensure that the locker or lockers are on a stable and level surface to prevent them from tipping over.
- Do not use corrosive cleaning agents when cleaning the stainless steel spindle to avoid damage.
- Only use the cylinder lock with the corresponding key and contact the manufacturer if it is damaged.
- If used in damp rooms, ensure that there is sufficient ventilation to prevent mould growth.
- Product may be heavy, note the load capacity during transport.
- Suitable for use in damp rooms, but the surface may corrode if handled incorrectly.
- Ensure that all moving parts are free of obstacles to avoid injury.
