Safety Instructions:

- Ensure that the mobile pedestal is only used on stable and level surfaces to prevent it from tipping over.
- The maximum permissible load of 25 kg per drawer must not be exceeded. Make sure that the drawers are loaded evenly to ensure stability.
- Use the lockable castors and check the functionality of the brakes regularly to prevent unintentional rolling away.
- Keep heavy objects in the lower drawers and avoid heavy loads on the mobile pedestal to avoid jeopardising stability.
- Keep children away from the roller container to avoid the risk of accidents such as crushing. The mobile pedestal is not intended for use by children.
- Make sure that the drawers are always fully closed to avoid the risk of crushing.
- Use of the mobile container near heat sources or in damp environments should be avoided in order to prevent material damage.
- Check the individual parts for damage before assembly and check the mobile container regularly for wear or damage.
- Read the operating instructions carefully and ensure that the key for the lock is kept in a safe place to prevent unauthorised access.
- Avoid moving the mobile pedestal over uneven surfaces or stairs to prevent falls.
