Safety Instructions:

- Ensure that the mobile pedestal is placed stably on a level surface to prevent it from tipping over.
- Lock the castors before use to prevent them from rolling away.
- Do not exceed the maximum load capacity of 25 kg per drawer to prevent damage and tipping.
- Keep the roller container away from hot and humid places to avoid material damage.
- Check the lock regularly for proper functioning; only authorised persons should use the tilt key.
- Children should not have access to the mobile container or its contents in order to avoid injury.
- Transport roll containers safely to avoid falls and damage.
- Check the functionality of drawers, locks and castors regularly.
- Follow the manufacturer's instructions for installation and handling to ensure safe operation.
