Safety Instructions:

- The product must be positioned on a level surface to prevent it from tipping over.
- The maximum load capacity of each drawer is 15 kg. Overloading can lead to damage and safety risks.
- Children should not play with the product or be left unattended to avoid injury and danger.
- The castors are designed for movement; ensure that they are securely locked when the product is stationary.
- Open and close drawers carefully to avoid crushing and injury.
- Not suitable for children under 36 months as it may contain small parts and there is a choking hazard.
- Ensure that the mobile pedestal is stable and securely locked when in use to prevent it from tipping over.
- Before use, ensure that the castors are correctly installed and functional.
- Do not place any heavy or dangerous objects on the mobile container to avoid the risk of it tipping over.
- Ensure that all moving parts are properly fitted and secured.
- Keep the lock and key in a safe place to prevent unauthorised access to the drawers.
- Only use the mobile pedestal for its intended purpose.
