Safety Instructions:

- The table is designed for a maximum of four participants and must not be overloaded.
- Make sure that the table is stable and on a level surface to prevent it from tipping over or wobbling.
- Avoid using sharp and heavy objects on the table top to prevent scratches and damage.
- For self-assembly, the instructions must be followed exactly to ensure stability and safety.
- Keep liquids and heat sources away from the table top to prevent damage to the melamine resin-coated surface.
- The table is not suitable for outdoor use as weather conditions can damage the materials.
- Take care when transporting and lifting to avoid injury.
- Small children should be kept away from the furniture to minimise the risk of falling and crushing.
- If used incorrectly, sharp edges can cause injuries, so take care when handling the product.
- Check the glides regularly to prevent scratches on the floor.
- This table is not suitable for children under 3 years of age.
- Please note that the table is not suitable for improper use such as climbing or playing by children.
- Regular maintenance and checking the stability and integrity of the table are recommended.
