Safety Instructions:

- Ensure safe handling of the partition wall to prevent injuries.
- Take care during assembly and installation to avoid falling parts.
- Use floor feet and floor levelling screws to prevent wobbling or tipping and to ensure the stability of the partition wall.
- Make sure that all connecting elements are firmly tightened to ensure stability.
- Do not use the movable wall in areas where it is exposed to impacts or collisions.
- Careful handling of the product is necessary to avoid injury.
- Avoid pressing sharp objects against the partition wall to prevent damage.
- Ensure that no excessive pressure is exerted on the fillings.
- Keep small parts away from children to avoid the risk of choking.
- When used in public areas, ensure that the partition wall does not pose a tripping hazard.
- Avoid the risk of suffocation from sharp edges or broken pieces of glass.
- Caution, sharp-edged surfaces! Risk of injury!
- Check the stability of the partition wall before use and set it up on a level, solid surface.
- Avoid direct contact with edges to prevent injuries.
