Safety Instructions:

- Ensure that the partition wall is stable to prevent injuries from falling over.
- Follow the instructions carefully during installation to ensure safe use.
- Avoid using weights on the movable wall that are not in accordance with the manufacturer's instructions.
- Make sure that the movable wall is suitable for use in rooms with high humidity to prevent mould growth.
- Keep a sufficient distance from other people during assembly to avoid injury from falling parts.
- Caution: Sharp edges can cause injuries.
- The screen is not suitable for children under the age of 14.
- Avoid moving the partition wall without adequate support.
- Pay attention to the load limits of the partition wall to avoid structural damage.
- Provide information on emergency procedures in the event of accidents using the partition wall.
- During installation, ensure that the connecting fittings are securely fastened and that they are all tightened.
- Avoid excessive loads on the partition wall to minimise the risk of structural damage.
- The screen should not be set up near cloudy or windy areas.
- Avoid contact with sharp objects to prevent scratches or breakage of the ESG clear glass.
- Keep the partition walls away from sources of fire to avoid the risk of fire.
- When working with several partition walls, ensure the stability of the overall construction.
