Safety Instructions:

- Use according to the instructions.
- Regular cleaning and care of the fabric cover is recommended to minimise the risk of slipping and extend its service life.
- Maximum load: 120 kg to avoid excessive load and damage.
- Correctly adjust the ergonomic seat and backrest as well as the height-adjustable armrests to ensure optimum ergonomics and comfort.
- The chair must not be used on uneven or loose surfaces to ensure stability and prevent tipping.
- Have the safety lift serviced by qualified personnel only.
- All adjustment mechanisms of the office chair must function properly.
- Set a suitable seat height to avoid injuries caused by sitting incorrectly.
- Check smaller parts regularly for waste to avoid injury.
- Avoid direct sunlight to prevent colour fading of the fabric.
- Improper assembly can jeopardise stability - follow the assembly instructions carefully.
- Check the chair regularly for wear and functionality, especially the synchronised mechanism.
