Safety Instructions:

- Take care when fixing the partitions to prevent them from tipping over.
- Use safety assembly clips for a stable connection of the elements. Carry out regular inspections for tight-fitting connection clips.
- Regularly check the stability and load-bearing capacity of the partition wall.
- Partition walls should only be used on smooth, even surfaces.
- Use disinfectants in accordance with the manufacturer's instructions to prevent material damage.
- Recommended use only in indoor areas or outdoors with appropriate protection.
- Avoid overloading the partition walls, especially in mobile use.
- Make sure that the partition wall is stable to prevent it from tipping over.
- Avoid using sharp objects near the partition wall to prevent damage.
- Keep the partition away from naked flames or extreme temperatures.
