Please note the technical data of the products!

Article Numbers: 58212, 58211, 58210, 58209, 58208, 58207

Safety Instructions:

- Caution: Small parts, choking hazard if used incorrectly. May contain small parts that pose a choking hazard. There is a choking hazard if used by children. The labelling bag should not be used by children under 3 years of age, as it may present a choking hazard due to small parts.
- The label pocket should be used taking into account the wall thickness and load-bearing capacity so as not to jeopardise stability.
- For safe use, ensure that the label pocket is properly attached to prevent it from falling down and causing injury.
- Beware of improper use of the magnetic function, as it can stick to metallic surfaces. Avoid safe handling: Observe the maximum load capacity of the magnetic holder before use.
- Only use the product for its intended purpose to prevent damage and ensure safety.
- Before use, ensure that the label pocket is clean and undamaged.
- Do not use or store the label pouch at extreme temperatures.
- Contact the manufacturing facilities if product defects are detected.
- Please note that the labelling pouches are not suitable for direct contact with food.
- Safety-relevant information and instructions for use must be included and correct storage of the labelling pouches must be ensured to prevent damage.
