Article Numbers: 58248, 58247, 58246, 58245, 58244, 58243

Safety Instructions:

- Make sure that the cardboard inserts are inserted correctly to prevent them from slipping.
- The label pockets are not suitable for use by children to avoid the risk of suffocation.
- Products contain small parts and should not be used by children under 3 years of age.
- Ensure that the label pockets are not used in the immediate vicinity of sources of fire or heat.
- Not suitable for direct contact with food. Ensure that the label pockets do not come into direct contact with food.
- Check the adhesion properties of the adhesive layer before use. Make sure that the self-adhesive surface is clean and dry during application to ensure adhesion.
- Avoid contact of the label pockets with water or aggressive chemicals, as this can impair the adhesive properties.
- If the label pockets are damaged, do not use them.
- Protect the product from high temperatures and direct sunlight.
- Do not use the label pockets beyond the specified load capacity.
- Remove all packaging before use.
- Caution: Use suitable materials for insertion to avoid damage.
