Article Numbers: 91454, 91450

Safety Instructions:

- Avoid stacking more than 5 storage tubs to prevent them from tipping over and ensure that they are stored stably.
- Place the storage trays on stable shelves and check the load-bearing capacity of the shelves before use.
- Open the trays carefully to avoid injury from knocks.
- Please note that the product is made of sheet steel and may have sharp edges; keep the trays away from children.
- Only use the storage tray for the intended applications to avoid injury.
- Avoid sharp objects that could damage the inner walls of the storage tray.
- Store the bearing tray in a dry place to prevent corrosion.
