Safety Instructions:

- Ensure that the ceiling sail is installed correctly to avoid falling parts and follow the installation instructions.
- The suspension cables must not be adjusted beyond the maximum permissible length of 900 mm in order to avoid a safety risk.
- Ensure that the product is not used in areas where it can be mechanically damaged.
- Avoid improper handling or overloading to prevent damage that could impair sound absorption.
- The product is not designed for use by children. Keep children away from the product area.
- Regularly check the brackets and suspension cables for wear or damage.
- Avoid placing the product near sources of fire or extreme temperatures.
- Ensure that there are no electrical cables in the vicinity of the mounting surface.
- When using in rooms with children, care should be taken to ensure that no small parts can fall out.
