Article Numbers: 193283, 193282

Safety Instructions:

- Ensure that the product has been designed and manufactured in accordance with the general safety requirements.
- Include clear instructions and safety information in easy-to-understand language.
- Check whether the product harbours risks, especially in public or sensitive environments, and carry out a risk analysis, supplemented by safety assessments in technical documentation.
- Labelling the product with its identification data, including manufacturer information such as name, address and contact details, on the product, the packaging or in accompanying documents.
- Consideration of the special needs of vulnerable people such as children or the elderly.
- Ensure that the product does not contain any hazardous components that could jeopardise the health or safety of consumers.
