Safety Instructions:

- Ensure that the ceiling sail is correctly and securely mounted to prevent it from falling. The ceiling canopy must be secured in such a way that it cannot fall down.
- During installation, ensure that the suspension cables are properly adjusted and that a safe distance from electrical installations is maintained.
- The ceiling sail must not be installed in areas exposed to direct sunlight or extreme temperatures. Installation only in closed rooms.
- Regularly inspect the suspension and mounting for wear or damage.
- Suitable personal protective equipment must be worn during installation.
- Please follow the enclosed installation instructions and safety instructions carefully to ensure a safe and correct result.
- The product should be installed out of the reach of children to prevent misuse and injury.
- Avoid direct contact with water so as not to impair the acoustic properties.
- Make sure that there are no sharp objects near the ceiling sail to avoid damage.
- Take care when removing or moving the ceiling canopy to avoid injury from falling or tearing it off.
- Avoid overloading the ceiling sail to prevent the product from being damaged or falling down.
