Article Numbers: 94244, 94058

Safety Instructions:

- The product is made of polypropylene and is temperature-sensitive if used incorrectly. Observe the precautionary measures in the temperature range from -20°C to +100°C.
- Keep out of the reach of children to avoid the risk of choking on small parts. Children under the age of 12 should only use the product under supervision.
- Ensure that the product is stacked securely and stably to minimise the risk of falling. Improper handling and overloading can cause the product to fall over.
- Transport and storage should prevent injuries. Sliding containers can tip over.
- The container is made of polypropylene and may contain hazardous chemicals, use the container only as intended.
- Keep the container away from naked flames as it may be flammable.
