Please note the technical data of the products!

Article Numbers: 59327, 59326, 59325, 59324, 59323, 59322

Safety Instructions:

- Ensure that the boards are securely attached to stable walls and are regularly checked for stability and safety to prevent them from falling.
- Before installation, make sure that there are no electrical cables running through the wall and that the walls can bear the weight of the panels.
- Use optional slide rails to make moving the panels safe and install them properly to prevent damage or injury.
- Keep small parts away from children to avoid the risk of choking.
- Keep the panels away from moisture and direct sunlight to prevent material damage.
- Do not hang near heat sources or naked flames.
- Avoid overloading the insertion scales with documents over the maximum thickness of 2 mm.
- Avoid areas with heavy use or in the vicinity of children to prevent injuries.
- Ensure that all components are properly installed and secured to prevent injuries from falling.
- Take care to avoid sharp edges and points when handling the board.
