Safety Instructions:

- Ensure that the board is stable to prevent it from tipping over.
- Ensure safe use and assembly of the presentation board.
- Avoid using the panel in extreme weather conditions or in a damp environment.
- Keep the panel away from naked flames or heat sources.
- Keep out of reach of children to avoid injury.
- Do not overload the panel to avoid damage.
- Ensure that children do not play with the connecting elements during installation and use.
- Operate the quick-release fasteners correctly to avoid injury.
- Make sure you use the connecting clips correctly to connect the panels securely.
- The safety quick-release fastener should be operated correctly to ensure safe assembly.
- Avoid connecting several panels at an angle of more than 150° so as not to jeopardise stability.
- Use the connecting clips included in the delivery to securely connect the panels.
- Ensure that there is no risk of injury due to unstable connections when using several panels.
- Make sure that no small parts or accessories are within the reach of small children.
- Provide safety instructions to avoid injury from sharp edges or corners.
- Make sure that the board is set up securely to prevent it from tipping over.
- Please follow the safety instructions for quick assembly and use of the board.
