

Product Safety Information

Wide neck drum, HDPE

Manufacturer/Responsible Person: CurTec Deutschland GmbH, Prinzenallee 7, 40549 Düsseldorf, Deutschland

E-Mail: curtec.de@curtec.com

Please note the technical data of the products!

Article Numbers: 68044, 68043, 68042, 68041

Safety Instructions:

- Observe the maximum filling temperature of 80°C.
- The contents must have cooled down to 30°C before the drum is closed.
- Ensure that the product is not exposed to extreme temperatures or direct sunlight.
- For chemicals: Wear suitable protective equipment before use.
- Do not use for the storage of incompatible chemicals. Suitable for liquid, powdered or pasty chemicals; ensure that the chemicals are compatible with the material of the drum.
- Read the instructions for use and handling before use.
- Ensure correct stacking and sealing to avoid accidents.
- Small parts should be kept away from children.
- Suitable for use with food, but check the product characteristics before use. When using with food, ensure that the food compatibility of the material is taken into account.
- Store and transport the product safely to prevent damage.
