

Product Safety Information

Wide neck drum, ø 410 mm, HDPE

Manufacturer/Responsible Person: CurTec Deutschland GmbH, Prinzenallee 7, 40549 Düsseldorf, Deutschland

E-Mail: curtec.de@curtec.com

Please note the technical data of the products!

Article Numbers: 68047, 68046, 68045

Safety Instructions:

- Make sure that the contents have cooled down to 30°C before closing the drum.
- Avoid overfilling the drum beyond the recommended filling level to prevent pressure build-up.
- The product should not be used or stored at temperatures above 80°C.
- Make sure that the lid is properly closed to prevent leakage.
- During storage, the barrels should not be stacked directly on top of each other to prevent accidental tipping.
- Suitable for the storage of chemicals and foodstuffs, but not for volatile or explosive substances.
- Wear suitable protective equipment when handling.
- Only use the drum for authorised chemicals and foodstuffs.
- Suitable for use with a seal to prevent unauthorised opening.
