Please note the technical data of the products!

Article Numbers: 141244, 141243, 141240

Safety Instructions:

- Do not exceed the maximum load of 110 kg.
- Observe the height adjustment and backrest setting to ensure an ergonomic sitting position and avoid back problems.
- Regular cleaning of the fabric cover to maintain the colour, hygiene and prolong the life of the chair.
- Take breaks when sitting for long periods to prevent circulatory problems.
- Ensure use on suitable, stable floor coverings to ensure rollability and prevent tipping.
- Before using the chair, make sure that all parts are correctly assembled.
- Use only for the intended purpose.
- The recommended usage time is up to 8 hours per day.
- Regular maintenance of the mechanics and castors is recommended.
- Avoid standing or leaning on the backrest.
- Avoid use by unauthorised persons (e.g. children).
