Safety Instructions:

- Make sure that the table is placed on a stable and level surface to prevent it from tipping over or wobbling, especially when many people are sitting at it.
- Avoid placing sharp or hot objects and liquids directly on the table surface to prevent damage and injury.
- When self-assembling, follow the assembly instructions carefully and ensure that all parts are correctly and firmly attached to minimise stability and safety risks. Check that the table top is securely fastened to prevent it from toppling over.
- Keep children away from the assembly instructions and assembly materials to avoid choking hazards and other risks. Children should be supervised when using the table.
- The table is not suitable for outdoor use and should be protected from moisture and direct sunlight.
- If the product is used incorrectly or damaged, there is a risk of injury from falling or tipping over; do not use the furniture if it is damaged.
- The corners of the table can be sharp; be careful to avoid injury.
- Take care not to load the table beyond the specified maximum load in order to avoid overloading and damage.
- The use of protective equipment, such as gloves, is recommended when setting up the table.
- Follow safe disposal and return instructions in the event of a defect or recall.
