Please note the technical data of the products!

Article Numbers: 162735, 162734, 162733, 162732, 162731, 162730, 162729, 162728

Safety Instructions:

- Make sure that the magnetic frame is used out of the reach of small children. Not suitable for children under 3 years of age due to small parts that can be swallowed.
- The frame should not be used in damp environments to avoid damage and impairment of the adhesion of the magnetic strips.
- Ensure that the frame is securely attached to minimise the risk of falling and possible injury.
- Ensure that the magnetic frames are not exposed to direct sunlight for long periods of time to prevent discolouration and damage. Protect from extreme temperatures.
- Please ensure that the magnetic frame is not used in the vicinity of electronic devices, as magnetic fields can cause interference.
- The frames are not suitable for use in highly vibrating environments.
- When using the product, make sure that the magnetic force on stable surfaces is sufficient to hold the product in place.
- Check the product regularly for damage and replace if necessary.
