Safety Instructions:

- The partition wall is only suitable for indoor use.
- The partition is highly flammable and should not be used in areas with open flames or high temperatures.
- Ensure that the partition wall is stable and securely mounted to avoid the risk of falling over and injury.
- All instructions for installation and use must be observed in order to avoid errors.
- Avoid contact with water or other liquids, as these can damage the materials.
- Allow sufficient space for safety during installation.
- Do not allow any sharp edges or protruding parts that could cause injury.
- Check regularly for wear and damage to ensure safety.
- The partition wall should be used in combination with other pieces of furniture, taking stability into account.
- Avoid use in areas with a high frequency of movement.
- The materials are flame-retardant in accordance with DIN 4102(B1), but avoid contact with naked flames and carry out an appropriate fire safety assessment.
