E-Mail: info@schaefer-shop.de

Please note the technical data of the products!

Article Numbers: 157018, 157017

Safety Instructions:

- Make sure that the tool cabinet is stable and secure to prevent it from tipping or falling over.
- Avoid overloading the drawers above the specified load capacity of 75 kg to prevent injury and damage.
- Secure the centre lock during use to prevent accidental opening of the drawers.
- Keep small children away from the tool cabinet to minimise the risk of injury from improper use. Install a child safety lock as there is a risk of injury from drawers.
- Only suitable for use in dry rooms.
- Protect from falling objects.
