Article Numbers: 211317, 211316, 211315, 211314, 211313, 211312, 211311, 211310

Safety Instructions:

- The harness post must be securely anchored and stably positioned to prevent accidents and the risk of falling, especially in strong winds.
- Do not climb or lean on the product to avoid injury.
- The product should be placed or secured out of the reach of children and pets to prevent the risk of suffocation and injury.
- Small parts can pose a choking hazard, especially for children under 3 years of age.
- Avoid contact with hot surfaces to prevent burns.
- Only use the product in accordance with the intended specifications and instructions to avoid injury and damage.
- Do not insert any sharp objects into the belt cassette and avoid sharp edges to prevent injuries.
- Do not use if the product is damaged, contact the manufacturer.
- Not suitable for use in strong winds, unfavourable weather conditions or humid environments to avoid damage.
- Use only under adult supervision and not suitable as play equipment.
- Warning: The belt extension system should be maintained regularly, not exceed maximum belt depths (max. 2.3 m, max. 2 m belt extension length), and not be used to secure persons.
- Provide instructions for safe use and safety information in understandable language.
- Ensure that installation and transport do not impair stability and safety.
- Corrective measures must be taken immediately if safety risks are identified.
