Safety Instructions:

- Avoid overheating the material to prevent the risk of burns.
- Do not place near open flames, hot surfaces or flammable materials.
- Ensure that the inner bucket is stable to avoid tipping over and the associated risk of injury.
- Empty the inner bin regularly to prevent overfilling and the associated hazards.
- Caution: The use of metal products can lead to cuts.
- Choking hazard due to small parts if used improperly.
- Risk of scalding from hot ash or other hot materials.
- Caution: Use only for the intended purpose.
- Protect from direct sunlight to avoid discolouration and material damage.
- Check regularly for rust and damage to ensure safety and longevity.
- Users should ensure that the lower compartments are securely locked to prevent accidents.
