Please note the technical data of the products!

Article Numbers: 131046, 131044

Safety Instructions:

- Ensure that the workbench is placed on a stable and level surface to prevent it from tipping or wobbling.
- Avoid overloading the work surface beyond the maximum load of 200 kg. Do not exceed the maximum static weight of 200 kg.
- Be careful when adjusting the height to avoid crushing your fingers. Take care when raising and lowering the workbench to avoid injury.
- Only use the castors on smooth, level surfaces and brake the workbench when working. Check the swivel castors regularly for correct seating and function.
- Keep the work area free of tripping hazards to prevent falls.
- If the workbench is damaged, put it out of operation immediately and contact the manufacturer.
