Article Numbers: 131052, 131051

Safety Instructions:

- Risk of suffocation due to improper use of the drawers.
- Risk of injury due to improper height adjustment of the workbench.
- Risk of slipping if the brakes on the castors are not adjusted correctly.
- Do not exceed the maximum static load (200 kg).
- Drawers secured against unauthorised access by central locking.
- The workbench is designed for professional use only. Improper use may result in injury.
- Due to the heavy weight (143 kg), suitable lifting and transport equipment must be used to avoid injuries.
- Ensure that the workbench is positioned on a stable and level surface to prevent it from tipping or falling over.
- The workbench may only be used by persons who are familiar with the safety precautions and handling.
- For self-assembly, the instructions must be followed exactly to ensure the safety of the structure.
