Safety Instructions:

- Ensure that the product is not accessible to children to avoid accidental hazards and choking hazards.
- Protect the product from extreme weather conditions, direct sunlight and liquid chemicals to prevent material fatigue and damage, even if it is weather-resistant.
- Care must be taken when handling the product to avoid injury from improper use and sharp edges.
- When setting up the product, ensure good stability and make sure that it cannot tip over in storms or strong winds.
- Avoid sharp objects in the vicinity to prevent damage, especially to plastic parts.
- Do not install near flammable materials to reduce the risk of fire.
- The installation instructions must be strictly observed.
- Protect the product from overloading and mechanical damage.
- Do not eat any parts of the product as this could lead to health risks.
